

End User License Agreement (EULA)

Locomotive Type Foundry — Free Font Software License

Which license applies to you.

This Agreement describes the terms of the free license types offered by Locomotive: 100% Free, Trial, and Desktop Only. The specific License Type that applies to a given Font Software is shown on its product page and in the license summary displayed with that font. Only the License Type shown for the font you downloaded applies to you.

This Agreement is a companion to, and should be read alongside, the [Locomotive EULA v1.0](#), which governs Desktop, Web Font, ePub, Digital Ads, and App licenses available for purchase.

1. Definitions

"Font Software" means the digital font files supplied by Locomotive free of charge (including OTF, TTF, WOFF, WOFF2, and any accompanying files), together with their design, outline data, and related documentation. Font Software supplied under a Trial License may contain a limited character set, as specified on the relevant product page.

"Licensee, you" means the individual or legal entity that downloaded and uses the Font Software.

"Locomotive, we, us" means the Locomotive type foundry, the licensor and owner of the Font Software.

"License Type" means one of 100% Free, Trial, or Desktop Only, as indicated on the product page and license summary for the specific Font Software.

"Full License" means a Desktop, Web Font, ePub, Digital Ads, or App license available for purchase under the Locomotive EULA v1.0.

2. Grant of License

Subject to your compliance with this Agreement, Locomotive grants you a non-exclusive, non-transferable, worldwide, royalty-free license to use the Font Software for the License Type shown on the product page, and for no other use.

This is a license, not a sale. Locomotive retains all ownership of, and intellectual property rights in, the Font Software.

3. License Types

Locomotive offers the following free license types. The scope of each is summarized below and in the sections that follow; the type that applies to a specific font is shown on its product page.

License	Permits use of the Font in...	Character Set	Commercial Use
100% Free	Any medium — print, web (@font-face), apps, ePub, digital ads — without restriction on delivery method.	Full	Yes
Trial	Any medium, for personal, non-commercial projects only.	Limited (see product page)	No
Desktop Only	Installation on computers and use in design software to create static artwork — logos, print, packaging, merchandise, and rasterized images for web/social.	Full	Yes, within desktop scope

3.1 100% Free License

Permits use of the Font Software for personal or commercial purposes, in any medium including print, web embedding via @font-face, apps, ePub, and digital advertising without restriction on the type of project or delivery method, subject to Section 6 (Restrictions).

3.2 Trial License

Permits use of the Font Software for personal, non-commercial projects only, in any medium, including web embedding via @font-face, apps, print, and other digital or physical output. Font Software supplied under a Trial License contains a limited character set, as specified on the product page.

Any commercial use of Trial Font Software, regardless of medium, requires a Full License under the Locomotive EULA v1.0. See Section 7 (Upgrading to a Full License).

3.3 Desktop Only License

Permits installation of the Font Software on computers and its use within design and office applications to create static artwork and documents, for personal or commercial purposes. Rasterized (non-editable) images of the Font may be used on websites, social media, and in static digital files, consistent with the scope of a Desktop License under Section 3.1 of the Locomotive EULA v1.0.

Unlike a purchased Desktop License, use under this free License Type is not metered by number of users. The Font Software may not be converted for use as a Web Font, or embedded in apps, ePub publications, or digital ads. A Full License is required for those uses. See Section 7 (Upgrading to a Full License).

4. Permitted Use

- Use the Font Software consistent with its License Type, as described in Section 3.
- Make a reasonable number of backup copies of the Font Software for your own archival purposes.

- Embed the Font Software in final documents or products consistent with your License Type (for example, embedding a subset in a PDF under a Desktop Only or 100% Free license).
- Modify the Font Software for your own internal use where permitted, provided modified files remain subject to this Agreement and are not redistributed.

5. Restrictions

Except as expressly permitted by your License Type, you may not:

- Sell, sublicense, rent, lend, give away, or otherwise transfer or redistribute the Font Software to any third party, except as permitted under Section 6.
- Use Trial Font Software for any commercial purpose, or for the benefit of a commercial client, regardless of medium.
- Convert or embed Desktop Only or Trial Font Software as a Web Font, or within apps, ePub publications, or digital ads, without a Full License.
- Upload, host, or make the installable Font Software available for download by third parties, including on font-sharing or free-font aggregator sites.
- Remove, alter, or obscure any copyright, trademark, or ownership notices in the Font Software.
- Reverse-engineer the Font Software to create a competing product, or claim authorship of the typeface design.

6. Contractors, Agencies, and Client Work

If you use Font Software licensed under a 100% Free or Desktop Only License to complete work for a client, you may deliver that work to the client consistent with the scope of that License Type, provided you remain responsible for the client's compliance with this Agreement and the Font Software itself is not transferred to or retained by the client as an installable file outside that scope.

Trial Font Software may be used by a contractor, agency, or freelancer for internal conceiving, pitching, or mockups only. Trial Font Software may not appear in any final deliverable provided to a client, and may not be used on a client's behalf for any commercial purpose. A Full License is required before Trial Font Software or a corresponding Full License typeface, may be used in commercial client work.

7. Upgrading to a Full License

If your intended use falls outside the scope of your License Type for example, commercial use of a Trial font, or web/app/ePub/ad use of a Desktop Only or Trial font, you must purchase the corresponding Full License under the Locomotive EULA v1.0 before that use begins.

Contact **contact@locomotype.com** to arrange an upgrade. Upon purchase, the Locomotive EULA v1.1 governs your use of the Font Software for the license type(s) and tier(s) you purchase; this Agreement continues to apply to any use that remains within your original free License Type.

8. Ownership and Intellectual Property

The Font Software and the typeface designs it embodies are the intellectual property of Locomotive and are protected by copyright and other laws. All rights not expressly granted to you are reserved by Locomotive. The artwork, websites, applications, and other products you create using the Font Software remain yours; this Agreement concerns only the Font Software itself.

9. Term and Termination

This Agreement is effective from the date you download or install the Font Software and continues unless terminated. It terminates automatically if you breach any of its terms. Upon termination, you must stop using and delete all copies of the Font Software. Termination does not limit Locomotive's other remedies.

10. Disclaimer of Warranty

The Font Software is provided free of charge, "as is", without warranties of any kind, whether express or implied, including fitness for a particular purpose, merchantability, or non-infringement.

11. Limitation of Liability

To the maximum extent permitted by law, Locomotive's total liability arising out of or relating to this Agreement shall not exceed the amount you paid for the Font Software (being zero). Locomotive shall not be liable for any indirect, incidental, special, or consequential damages, or for loss of profits, data, or goodwill.

12. General

This Agreement constitutes the entire agreement between you and Locomotive regarding the free Font Software and supersedes any prior understandings. If any provision is held unenforceable, the remaining provisions remain in effect. This Agreement is governed by the laws of the Republic of Indonesia, without regard to conflict-of-laws principles. Locomotive may update the terms applicable to future downloads; the terms applicable to your download are those in effect at the time you obtained the Font Software.
